PMU EYELINER PRE - PROCEDURE *information & advice*

What To Expect On The Day of Procedure:

Thank you for choosing me for your eyeliner enhancement! Here's what you can expect and how to prepare for your session:

Preparation for Your Appointment:

- Arrive Makeup-Free: Please come to your appointment without any eye makeup or cosmetics, including lash extensions. This allows for a thorough assessment and ensures the best results.

What to Expect During Your Appointment:

- Consultation:

We'll begin with a consultation where we'll discuss your desired eyeliner shape and thickness. I'll examine your skin type and any allergies or medical conditions to ensure a safe and tailored experience.

- Numbing:

A thick layer of topical numbing cream will be applied to your eyelids to minimize discomfort. The cream will take about 20-30 minutes to fully take effect.

- Mapping:

After the anesthetic is carefully removed, I'll pre-draw a map of your new eyeliner shape using an oil-based crayon. This outline will guide us in applying the micro-pigmentation accurately along your lash line.

- Pigment Application:

Using a handheld device with a small needle, I'll apply pigment to the skin along your lash line, creating a natural-looking eyeliner that enhances your eyes.

- Procedure Duration:

The entire procedure typically takes between 2-3 hours, depending on the complexity of the eyeliner shape and the amount of pigment needed.

Important Note:

Although it's uncommon, the topical lidocaine used during the procedure can cause temporary pupil dilation, particularly in clients with lighter-colored eyes. This may result in blurry vision for a few hours post-procedure. For this reason, please arrange for someone to drive you home. You'll be required to sign and initial that you have a backup ride from the spa before the lidocaine is applied.

Aftercare & Healing:

Proper aftercare is essential to achieving the best results. After the procedure, I'll provide detailed aftercare instructions to support healing and ensure long-lasting, beautiful eyeliner.
