

PMU LIP HEALING STAGES

DAY 1

Your lips look bright and feel swollen and tight.

DAY 2

Your lips are much darker and feel swollen and dry. Use the healing cream for relief!

DAY 3-4

The skin is scabbing and colour is fading

DAY 5-6

Your lips should feel almost normal now, and the scabbing is nearly gone

DAY 7

Your lips are healed! The color looks so much lighter

4-6 WEEKS

Color looks great! There are a few uneven spot. It's time for a touch-up
