# PMU LIPS

## PRE - PROCEDURE

### *information & advice*

#### **What To Expect On The Day of Procedure:**

Thank you for choosing me for your lip blush enhancement! Here's what you can expect and how to prepare for your session:

#### **Preparation for Your Appointment:**

Arrive Makeup-Free: Please come to your appointment without any lip makeup or cosmetics. This ensures the best results and allows me to assess your natural lip color and condition.

#### **What to Expect During Your Appointment:**

- Consultation:

Before we start, we'll have a consultation where we'll discuss your ideal lip shape, color, and any questions you may have. I'll examine your skin tone, texture, and overall lip health to choose the best pigment and technique for your lips.

- Numbing:

To keep you comfortable, I'll apply a thick layer of numbing cream to your lips. It will take about 20-30 minutes for the cream to take full effect, helping to reduce any discomfort during the procedure.

- Pigment Selection:

Together, we'll select a pigment color that best complements your natural lip color and skin tone, ensuring a beautiful and harmonious result.

- Pigment application:

Using a handheld tool with a sterile needle, I'll apply the pigment to your lips with the shape and color tailored just for you.

- Procedure Duration:

The procedure typically takes 2-3 hours, depending on the size of your lips and your desired results.

#### **Aftercare & Healing:**

Proper aftercare is essential to achieving the best results. After the procedure, I'll provide detailed aftercare instructions to support healing and ensure long-lasting, beautiful lips.

**By signing below, you confirm that you fully understand the information provided above and have had the opportunity to discuss any questions or concerns. You consent to proceed with the lip blush enhancement procedure.**
